About Rural Generalist Emergency Medicine Training

Introduction

We invite you to become part of a dynamic, collegiate, multidisciplinary Emergency Department team consisting of Fellows of Australasian College for Emergency Medicine (FACEMs), Rural Generalists, salaried medical officers, interns, registrars and experienced and newly qualified nurse practitioners, registered and enrolled nursing staff.

The knowledge and skills that you bring to the floor of the Emergency Department matters. We believe the more you know, the better services we can provide. You will benefit from this unit's strong focus on education, mentorship, and empowerment programs, this will help you identify and develop the skills to improve patient outcomes.

As you are aware, all facets of life converge in the Emergency Department: from neonatology to end-of-life care. You will see varied presentations from small sprains to potentially life-threatening trauma, mild shortness of breath to acute pulmonary oedema or minor headache to a major stroke. Mount Gambier ED is a non-bypass FACEM-run ED meaning you will be able to manage these challenging cases first-hand in a supported environment.

This role enables the requisite exposure to rural emergency cases to meet the requirements of the Australian College of Rural and Remote Medicine Advanced Specialised Training in Emergency Medicine (ACRRM AST EM) and Fellowship in Advanced Rural General Practice (FRACGP-RG) requirements including the Intermediate Emergency Medicine Training Program (IEMTP), formerly Diploma of Emergency Medicine.

This position is available to Postgraduate Year 3 and above (PGY3+).

This position is best undertaken as part of rural generalist training through either GP College. Preference is given to applicants committed to a career in small town rural practice or regional emergency department service provision.

Number of positions in 2026 Clinical Year

Limestone Coast Local Health Network (LCLHN)

About LCLHN

Services available within the Limestone Coast Local Health Network are provided throughout the following locations:

- > Mount Gambier
- > Bordertown
- > Keith
- > Kingston/Robe
- > Lucindale
- > Millicent
- > Penola
- > Naracoorte

Mount Gambier and Districts Health Service (MGDHS)

Limestone Coast residents have access to a wide range of health care services in a number of locations throughout the region. Mount Gambier and Districts Health Service is part of Limestone Coast Local Health Network. The Mount Gambier Hospital is the major regional health provider for the lower, mid, and upper South East Regions with other facilities located nearby in Bordertown, Keith, Kingston, Lucindale, Millicent, Naracoorte, and Penola. The catchment area also extends across the border into Western Victoria.

We provide specialist led services including:

- > Emergency Department
- > General Medicine
- > Surgery (General Surgery and Orthopaedics)
- > Obstetrics
- > Paediatric
- > Anaesthetics
- > Mental health services
- > Aboriginal health and community health

The Mount Gambier Hospital and Districts Health Service (MGDHS) services and facilities include:

- > Emergency Department including:
 - two resuscitation rooms
 - fast track treatment areas
 - treatment bays
 - negative pressure room
 - dedicated orthopaedic procedure and eye room
 - separate paediatric area
- > 46 bed Medical Unit including rehabilitation beds
- > 36 bed Surgical Unit
- > 14 bed Level 4 Maternity Unit with 3 birthing suites
- > 2 cot Level 4 neonatal nursery
- > 6 bed Paediatric Unit
- > 6 bed High Dependency Unit
- > 6 bed Mental Health In-patient Unit
- > 11 Day Surgery Chairs
- > 4 Operating Theatres
- > 6 chair Chemotherapy Unit
- > 6 chair Renal Dialysis Unit
- > Outpatient Consulting Suite

Co-located at the Hospital site are the following services:

- > Benson Radiology
- > SA Pathology
- > SA Pharmacy
- > Country Health Connect (Community Allied Health Services)
- > South Australian Dental Services
- > South East Mental Health Services – in-patient, intermediate care, and community-based care.
- > Rehabilitation Service
- > Aboriginal Health Services – Pangula Mannamurna Aboriginal Corporation (not co-sited but located nearby)

What can you expect from LCLHN

What should employees expect from the role?

The MGDHS Emergency Department has approximately 26,000 presentations each year. You will work in a well-supervised multidisciplinary team and see a wide range of acute and semi-acute medical and surgical conditions. With on the floor coverage for 16 hours from FACEM/RG until midnight, and FACEM/RG on-call thereafter. During this term you will gain clinical and procedural experience in the areas of management of emergency department presentations.

Will I be based at Mount Gambier all year? Will I be expected to travel to other country locations?

You will be based in Mount Gambier for the full year.

What are the key outcomes of the program?

The aim of this program is to provide trainees with sufficient clinical experience and supervision support to meet the logbook and work-based assessments of the ACRRM AST in Emergency Medicine or ACEM Diploma of Emergency Medicine. Candidates will also be supported to meet the external course requirements and assessments to achieve their qualifications and set them up to be confident working at the level of a GP Emergency Medicine provider.

What are the hours of work and overtime?

8 x 10 hour shifts per fortnight. Roster is according to organisational demand. TMOs and Registrars are required to complete morning, evening, night shifts and weekends as rostered.

What education is provided?

The unit has a strong learning focus with weekly protected teaching time for small group learning tutorials as well as more formal training including:

- > Advanced life support training.
- > Grand Rounds.
- > Regular logbook and learning needs review.
- > Regular in-situ simulations
- > Tutorial program aligned to various EM curricular (including ACRRM AST, RACGP ARST and ACEM programs)

Additionally, there is a strong emphasis on ultrasound skill building in the unit.

How will supervision be provided?

Each shift there is a named supervisor on the floor for all junior medical staff who will provide direct clinical supervision.

Overall term supervision is provided by Dr Lauren Kennedy (FACEM) and Dr Gerhard Uys (FACRRM).

What other support is provided?

The Medical Education Unit have an open-door policy where trainees are welcome to discuss any issues or concerns.

Will the TMO supervise interns/others in their role?

Yes, they will work with the rostered supervisor on the floor to support interns, residents and medical students. This role will develop during the year as the trainee becomes more experienced.

What pathways are there after the year is completed?

Trainees are encouraged to view this position as a step in their pathway to providing rural generalist services to a community in rural South Australia. This position articulates with:

- > General Practice training
- > Other advanced skills training positions in Anaesthetics and Obstetrics.

A further full-year training will be required to meet ACRRM Generalist Emergency Medicine (GEM), RACGP ARST or IEMTP requirements.

Rotations at LCLHN

This position is based in the Emergency Department at Mount Gambier Hospital for the full calendar year. It is not expected that other rotations will be allocated during this period. If required to meet training obligations, time in the Anaesthetic Department can be negotiated.

Selection into Rural Generalist Emergency Medicine Training

About the selection panel

The selection panel for this position includes: The Emergency Department Head of Unit, an ACRRM accredited AST EM/RACGP ARST supervisor and a member of the multi-disciplinary clinical team in the unit. The selection panel may also include a member of staff from the FRHSA TMO unit and the relevant regional training provider.

Eligibility

Both Australian trained candidates currently in PGY3+ and international medical graduates who have general registration and who will have at least 3 years clinical experience upon commencement are eligible to apply for this role. Candidates must have Australian working rights to be eligible to apply. Candidates must be available to work commencing on 2 February 2026

Skills and knowledge required for the role

Prerequisite Emergency medicine knowledge at PGY2+ level is assumed (see Australian Junior Doctor Curriculum Framework).

Other attributes required for this role include:

- > Interest in experiencing the rural learning environment.
- > Demonstrated high level communication skills both verbally and in writing.
- > Professional integrity and ability to work in a multi-disciplinary team environment.
- > Ability to be adaptable to change.
- > Sound experience in procedural skills.
- > Sound examination and diagnostic skills in adult and paediatric medicine.
- > Knowledge and awareness of quality improvement activities, clinical risk reduction and patient safety techniques.

Selection Process

Our approach to selection

At a minimum the selection process will involve assessing your:

- > Curriculum Vitae.
- > Answers to Expression of Interest short answer questions.
- > Referee reports.
- > Appropriate completion and submission of required documentation
- > An interview.

All Expressions of Interest will be scored/ranked for shortlisting. Eligible applicants will be shortlisted for interview. Shortlisted applicants will be invited to interview.

SAMET will match the highest ranked candidate to this position.

Your Expression of Interest

Your Expression of Interest must include:

- > An Expression of Interest addressing the selection criteria (see below).
- > A Curriculum Vitae.
- > Contact details from two referees in Australia who have worked with you in a clinical setting.

Curriculum Vitae

Curriculum Vitae should include:

- > Contact details including email and mobile phone number.
- > Qualifications and academic achievements.
- > Clinical achievements:
 - o All jobs / clinical placements since completing medical school.
 - o Any rural clinical experiences since commencing medical school.
- > Personal Development.
- > Activities which demonstrate your interest in and commitment to rural practice and rural generalist Emergency Medicine.

Cover letter

Not required

Other Expression of Interest questions

You will be required to answer the following question in the Expression of Interest form:

- > *In no more than 500 words, describe your experience relevant to and interest in rural Emergency or generalist practice.*

Interview

Applicants who are shortlisted for an interview will be notified by email.

The intention of the interview is to ensure that the applicant selected is the best fit for the role. The interview is likely to include an invitation to describe previous experiences and some scenario-based questions with the aim to evaluate candidates against selection criteria which include:

- > *Demonstrated ability to thrive in the rural context.*
- > *Highly effective communication and collaboration skills in the clinical setting.*
- > *Ability to succeed in attaining rural generalist Emergency Medicine qualifications during this position: such as ACRRM AST (EM), IEMTP, FRACGP-RG or equivalent.*

Frequently Asked Questions

I am unsure about moving to the country. Can I visit to look at the facilities prior to finalising my preferences?

We would encourage you to visit our beautiful city and enjoy the rural hospitality. Please let us know if you are planning a visit so that we can facilitate this, for example, with a tour of the hospital and point you in the direction of touring and entertainment.

Mount Gambier is the second most populated city in South Australia. It is located 17 kms from the Victorian border and lies approximately halfway between both Adelaide and Melbourne making metropolitan adventures easily accessible.

Striking the ideal balance between the vibrant lifestyle of the big city and comforts of a small town. In the heart of the Limestone Coast surrounded by signature wine region boasting social experiences including cellar door, picnics, tours and multiple food and wine festivals throughout the year.

Mount Gambier is the perfect base for exploration of the unique landscape and the natural beauty of our region— be it our iconic blue lake, our many caves, sinkholes, parks, and beaches. Mount Gambier offers opportunity for diverse recreational activities including diving, fishing, and water sports. For the elite or casual sporting enthusiast Mount Gambier also offers a strong team sport and athletic culture.

Will accommodation be provided?

You will need to arrange your own accommodation. Real estate agents can assist you with this. You will find rentals very affordable compared with the metropolitan area.

Will I be supported with relocation expenses?

We appreciate that moving house can put a strain on your finances, particularly prior to starting your new job. Please contact us to discuss the relocation support which may be available and the documentation you will be required to provide.

Will I need my own transport?

It is easy to get around Mount Gambier as most locations are only 3-8 minutes away by car, 10-15 minutes by bicycle. There is a limited public transport system (bus) which runs primarily between 9.00 am and 5.00 pm. Private transport is recommended to allow you to explore our beautiful region.

Do I need to arrange for a carpark?

The good news is that parking in all of Mount Gambier is free of charge. There is a secure staff car park on the Hospital site.

Can I get decent coffee and food in Mount Gambier?

Mount Gambier has a wide range of cuisines and fantastic coffee on offer. There are also several farmers' and craft markets operating regularly throughout the South East along with the premium wine regions such as the Coonawarra to explore. The hospital has a café on site with a variety of food and coffee options.

Can I get my cultural fix of theatre, music, and cinema?

Absolutely!

No matter what your interests, the Limestone Coast has you covered. There are a range of food and wine festivals in our signature wine regions, to the Fringe and the various art/music festivals, street parties, market days, surfing competitions and various cycling and golf events. Not to mention Mount Gambier is also the home of the Generations in Jazz.

Sir Robert Helpmann Theatre is a fully equipped multi-purpose arts centre in the heart of Mount Gambier, accommodating a range of theatre, conferences, performing arts, film screening, seminars, music events. While the Riddoch Art Gallery is the largest SA Regional Gallery. The benefits of being approximately halfway between both Adelaide and Melbourne making metropolitan adventures easily accessible.
